Why?

An Accessibility and Inclusivity Audit helps you make small changes across your online spaces.

It ensures you meet accessibility standards, support assistive technology users, raise inclusivity standards, and enhance user experience for a diverse audience.

How?

We conduct a thorough audit of your online spaces and provide an accessibility report.

You'll receive at least three actionable steps to enhance accessibility and avoid any

The audit is completed within 7 days of booking.

Cost?

A one-time fee of £99, payable before the audit is conducted.

After implementing our recommendations, we will perform a free re-audit to verify your improvements.

You'll also receive a DSM widget for your website to showcase your commitment to Accessibility and Inclusivity.
